Re: LEED information for Raven Black Marble

To Whom It May Concern:

Raven Black Marble is quarried less than 500 miles from Palisades Park, New Jersey. Southern Aggregates obtains the crushed aggregate from the quarry and completes the processing for terrazzo chips at Staley, North Carolina.

Other pertinent information follows:

Post consumer recycled content      0 percent

· Pre consumer recycled content      0 percent

Volatile organic compound            none

Manufacture distance from 07650    >500 mi

I hope this information is helpful. Please call if you need anything additional.
